[I was told this was an alexandrite when given to me. on Jun 9 2011, at 02:01](#)

<![CDATA[If I get it appraised and decide to sell it; where do i sell it?It is set on a unique setting i have never seen before. I have been looking on the net for the same kind of setting and cant find one that is similar to mine. seems like an 8 pointer star and the alexandrite is oval i think. any info or like to say anything feel free to. Thanks]]>

See Alexandrite Tsarstone collectors guide, I was told this was an alexandrite when given to me., <http://www.alexandrite.net/viewpage.html?id=FRM-424> (changing colors are deep purple to redish pink, and Blue to Green.) (as of).
